DOCUMENTARY SERVICES DIV.  
RECEIVED

Dear Mr. Recht:

Re: **Settlement Agreement**  
**Section G. Impairment Research**

Expenditures in year 2 of the Settlement Agreement for G. 1 Changes in Crash-Involvement Rates as Drivers Age were less than 1% of the year 2 budget amount approved by NHTSA.

As most of the expenditures relating to the work described in the year 2 statement of work for this project either have occurred or are expected to occur in year 3, GM proposes that the time period for the year 2 project description and statement of work for this project be revised from Year 2 to Years 2-3.

Please advise whether you concur in this proposal.

Sincerely,

David A. Collins  
Attorney
